Narrative

Attach your responses to the following questions. Please limit responses to two pages.

- Give a brief summary of the performances and other activities supported by Meet The Composer, providing specific information about the composer's involvement and audience/participant reactions.
- Describe how the composer's involvement was effective in helping the organization achieve the goals of this project and its overall mission?
- Was this the first time the organization has involved a composer in the presentation of their work? If so, has the experience made you more willing to involve composers in future events or projects and why?
- How did this event help you to build or expand relationships with audiences, performers, presenters or other funders?
- Additional Comments.
